## Packing and Sending Your Purchases

We will ship your purchases after the full Purchase Price has arrived in our accounts. Unless discussed otherwise, your shipment will be delivered by Sagawa Express to your registered address within 3 to 5 days of the arrival of your payment. Please note that if a bank transfer arrives after midday, your purchase may not be dispatched until the following working day. If you have any specific instructions regarding shipping, please contact us. Please pay the delivery driver the total amount of the packing (A), shipping (B) and insurance (C) when your purchases are delivered. You will be told the amount payable, and you can pay by cash or credit card at the door. Please refer to the table below for approximate costs. Sculptures or especially large or heavy works which require non-standard packing will incur different fees. Individual quotes are available upon request.

As a general rule, we will send all shipments with insurance provided by Sagawa Express which will be charged to the buyer. When you have received your purchases, please check their condition immediately. If there are any damages, please contact us as soon as possible. However, the insurance will only cover the work itself, not any peripheral parts such as the frame, acrylic, any coverings or boxes. If you would prefer to not have shipping insurance, please be aware that we will not be liable for any claims should there be any damages.

We are only able to keep your purchases at our premises for a month after the sale. If your purchases are stored for any longer, an additional storage fee will be incurred. Please arrange shipping or delivery within a month of the sale.
